PROJECTS

CareFlow AI – Clinical Continuity Platform

Live Demo | [GitHub](#)

- **Tech Stack:** React, Vite, Spring Boot, PostgreSQL, JWT, Gemini, pgvector, Docker
- **Clinical Workflow:** Built a **full-stack clinical continuity platform** for managing **patient timelines, vitals, medications, diagnoses, tasks, and shift handoffs** with **role-based access control**.
- **AI Integration:** Integrated **Gemini-powered clinical assistance** with structured prompts and **vector-based retrieval** for context-aware patient information and decision support.

DebateForge – Debate Platform

Live Demo | [GitHub](#)

- **Tech Stack:** React, FastAPI, Python, Groq (Llama 3.3 70B), Vercel, Render
- **Adversarial AI:** Built a **full-stack AI debate platform** where an **adversarial LLM** argues back for 5 rounds while detecting **logical fallacies** and scoring argument strength.
- **LLM Engineering:** Engineered **structured JSON prompts** with multi-turn conversational memory to generate consistent fallacy detection, counterarguments, and scoring in a single API call.

StudyBuddy AI – AI-Powered Learning Assistant

[GitHub](#)

- **Tech Stack:** React, Vite, JavaScript, Firebase, Ollama, Qwen2.5:7B, PDF.js, Tesseract.js
- **AI Learning Platform:** Built an **AI-powered learning assistant** supporting **contextual Q&A, summaries, MCQs, programming explanations, voice interaction, and chat history**.
- **Document Intelligence:** Implemented **PDF analysis, image OCR, and multi-document support** using Qwen2.5:7B via Ollama for local AI inference and Firebase authentication.

ACHIEVEMENTS

- Selected for Round 2 of the Adobe University Hackathon.
- Selected as an FFE Scholar.
- Solved 500+ problems across platforms: [Codeforces](#) [945 rating], [CodeChef](#) [1431 rating], [LeetCode](#) [1460 rating].
- JEE Main 2025: Secured All India Rank 22242.
- EAMCET 2025: Secured Rank 1026 among state-level candidates.
